Step 2: Preparing Our Data (Cont.)

To complete Step 2 and finish preparing our Planet Express data, we'll have to:

- Select relevant data.
- Import this data.
- Explore and verify our data.
- Clean our data, when necessary (Hint: It's always necessary).

We have the following Planet Express data:

- Demographic information (profession, company size, location).
- Previous delivery data (days since last delivery, total number of deliveries).

So, what do we need to do next?
