Welcome to Data Science at GA

We're excited to have you join the course that will revolutionize how you think about and use data. Here at General Assembly, we have big goals for you. Wherever you go beyond this course, we want you to become a data pioneer. As you immerse yourself in the data landscape, you will learn to leverage data in ways you never imagined. Get ready, Data Science starts now!

Before your first day of class, you have some onboarding tasks.
