PRE-COURSE WORK

Due Aug 11   17 hrs   30 Lessons

Congratulations on joining GA's Data Science part-time course! In order to ensure your success in the course, we've created the following pre-course work that will take most students between 20-30 hours to complete. You may spend more or less time on each part, depending on your background and how familiar you already are with these topics. Please complete these tasks before your first day so that you and your computer will be prepared for class!
