## Off We Go!

There you have it — General Assembly's Data Science Workflow at a high level. This problem-solving framework will serve as your guide throughout our programs (and your career).

Frame	Prepare	Analyze	Interpret	Communicate
Develop a hypothesis-driven approach to your analysis	Select, import, explore, and clean your data	Structure, visualize, and complete your analysis	Make recommendations and business decisions from your data	Present insights from your data to different audiences
